i. That the Hagana and its associated force the Palmach (working under the political control of prominent members of the Jewish Agency) have been engaging in carefully planned movements of sabotage and violence under the guise of "the Jewish Resistance Movement".

ii. That the Irgun Zvai Leumi and the Stern Group have worked since last Autumn in co-operation with the Hagana High Command on certain of these operations; and

iii. That the broadcasting station "Kol Israel", which claims to be "the Voice of the Resistance Movement" and which was working under the general direction of the Jewish Agency has been supporting these organisations. [ref: 22247]
